Looks good to me.

Thanks,

### John

Just checking since it is soooooooooooooo PRETTY! :)

Well...that is if you are ready to "stamp approval" as well.

I doubt they will copyright it, so we should be able to use if we wanted.

Graphics has given the corriodor logo a "thumbs up" - just wondering..................is this going to be something that we get to use even in the future? Like if we develop a 'master corridor plan' or does it still belong to RBF (though why in the world would they want it?!!!!) ???

Claudia:

See the attached updated graphics.  Let me know what you think.

Paul:

Here is the City's logo/tree & bird.
Your graphics department can contact Meleisa if they have an issues with the file.

Thanks,
Claudia

Yes - the raw graphic of the tree would be helpful and we can incorporate to make sure the edges are cleaned up.

The overall composition looks ok, but the tree needs to be cleaned up.  It's fuzzy and needs to be trimmed so there's no white around it.  Let me know if they need the actual logo file to accomplish this.

Hi Meleisa:

Planning is working with RBF Consulting on a grant project, which they created the attached graphic - we would like to see what suggestions you may have.

Thank you!

Claudia:

What do you think about the attached revised graphic for the implementation project?  We incorporated the City tree and modified the colors.  Any comments?  If good, then we can make sure to incorporate this graphic in our documents.

Paul
